Please tell us about your thoughts:

1. What would you like to see in your civic association?
2. What goals would you like your civic association to have?
3. What enhancements would you like made to the West Annapolis neighborhood?

Do you know the West Annapolis neighborhood has an active, thriving civic association called the West Annapolis Civic Association (WACA)? Here is a WACA brochure with information highlights and a membership form for 2019. We want to give you an annual brochure to enhance the WACA community organization and as an annual reminder to pay our low annual dues. With more dues-paying members, we can better offer events and enhancements to our neighborhood.
